**The chemistry prerequisite for this course has been waived by the RT Program Director. PRT students who later wish to enroll in OEHO154 must meet the course prerequisites listed in the DACC catalog.

Semester	Semester	Semester	Semester	Semester	Semester	Semester	Semester	Semester	Semester

Students must have proof of high school graduation or GED and a minimum college GPA of 3.0 to be eligible for the Radiologic Technology Program. To obtain a complete application packet for the program, contact the Radiologic Technology Department at 575-527-7581. Instructions on how to qualify for the program are in the application packet.

Math 120 and **OEHO 153** should be the Math and A&P choices if the student plans to get a BS or go on to another health program.

Annja Cox, Program Director
